

allure 

Allure offers a refreshing new twist to the traditional banner stand. It is the perfect combination of style and substance and can be used for displaying product and graphics at trade shows, in retail environments or at special events and exhibits.

Attractive

Allure is attractive. Allure is the most unique fabric display stand on the market and is sure to make people stop and take notice.

Quick & Easy

Allure requires no tools—simply connect the graphic to the frame. Allure is made with exclusive Quick Lock Connector technology* making it extremely simple and convenient to assemble. In fact, it's so easy that one person can set up the entire display in less than 2 minutes without tools.

1 Assemble The Pole

2 Connect The Bottom

3 Connect The Top

4 Enjoy!

*Patent Pending

Versatile

Allure is versatile. With a variety of unique shapes and an array of standard accessories including shelves, lights, and stand off graphics, Allure provides versatility unheard of with traditional banner stands.

Affordable

Allure is affordable. The durable aluminum stand and high quality Photo Fabric® graphic are sold together for about the same price as standard retractable banner stands. There isn't a tensioned fabric display that offers more value than Allure.

Durable Frame & Connectors

Allure frames are made with strong 1.25" anodized aluminum tubing and for convenience in assembly, all sections are shock-corded together. The exclusive Quick Lock Connectors (QL) require no tools so set-up is always fast and simple.

Required!**

Photo Fabric®

High Quality Photo Fabric® Graphic: The graphic is printed on a wrinkle resistant, flame retardant fabric via an exclusive Photo Fabric® dye sublimation process, which produces the highest quality print in the industry.

 After prolonged periods of storage the graphic may have wrinkles. To eliminate the wrinkles leave the stand set-up for several hours or use a steamer. (See micro-steamer in Accessories section.)

Easy Replaceable Graphic

The graphic comes pre-installed but can easily be replaced later. It comes with an engineered expansion cord that securely slides into the end of the extrusion.

Collapses into Small Bag

All of Allure's components fit into one convenient 44"l x 15"w carrying bag and weigh less than 15 lbs. (frame, graphic, and bag).

Overview

Allure comes in several different shapes ranging from an eye-catching tapered Slope to an appealing Bow. Each one provides a unique attractive look that is different from anything on the market.

Slope
